

Master Table of Contents

Volume 1 – FEIS Text

Fact Sheet

Summary

Chapter 1 Project Purpose and Background

Chapter 2 Description of Proposed Action and Alternatives

Chapter 3 Air Quality

Chapter 4 Geology and Hydrogeology

Chapter 5 Terrestrial Plants and Animals

Chapter 6 Marine Habitat and Fisheries

Chapter 7 Noise

Chapter 8 Transportation

Chapter 9 Land and Shoreline Use

Chapter 10 Environmental Health and Safety

Chapter 11 Light, Glare, and Aesthetics

Chapter 12 Recreation

Chapter 13 Cumulative Effects and Interdisciplinary Analysis

List of Acronyms

Distribution List

Volume 2 – Appendices

Appendix A Geology and Groundwater Report by Terra Associates, Inc.
(included in DEIS and incorporated by reference in FEIS)

Appendix B Environmental Soil Sampling Memorandum by Terra
Associates, Inc. (included in DEIS and incorporated by reference in
FEIS)

Appendix C Mitigation Report for Contaminated Soils (included in DEIS and
incorporated by reference with Erratum in FEIS)

Appendix D 2nd Addendum for 1998 Amendments to Comp Plan (included in DEIS and incorporated by reference in FEIS)

Appendix E Ground Water Monitoring Results by Associated Earth Sciences, Inc. (included in DEIS and incorporated by reference with Addendum in FEIS)

Appendix F Dock Assessment by Symonds Consulting Engineers

Appendix G Dock Assessment by Reid Middleton

Appendix H Dock Assessment by Peratrovich, Nottingham & Drage

Appendix I Department of Ecology Fact Sheets

Appendix J Eelgrass/Macroalgae Survey Report

Appendix K Dive Survey Report, Dupont Barge-Loading Facility

Appendix L U.S. Coast Guard Comments on DEIS

Appendix M Environmental Noise Analysis

Volume 3 – Comments and Responses, Part 1

Introduction to Comments and Responses

Summary

Chapter 1 Project Purpose and Background

Chapter 2 Description of Proposed Action and Alternatives

Chapter 3 Air Quality

Chapter 4 Geology and Hydrogeology

Chapter 5 Terrestrial Plants and Animals

Volume 4 – Comments and Responses, Part 2

Chapter 6 Marine Habitat and Fisheries

Chapter 7 Noise

Chapter 8 Transportation

Chapter 9 Land and Shoreline Use

Chapter 10 Environmental Health and Safety

Chapter 11 Light, Glare, and Aesthetics

Chapter 12 Recreation

Chapter 13 Cumulative Effects and Interdisciplinary Analysis

Appendices

Volume 5 – Comment Letters, Part 1

Comments from Agencies

Comments from Vashon – Maury Island Community Council

Consultant Reports

Environmental Organizations, Citizen's Groups, and Private Companies

Volume 6 – Comment Letters, Part 2

Volume 4 – Comments and Responses, Part 2

Chapter 6	<i>Marine Habitat and Fisheries</i>	6-1
6.1	Primary Issues	6-1
6.2	Affected Environment	6-2
6.2.1	Physical Components	6-2
6.2.2	Biological Components	6-6
6.2.3	Other Considerations of the Marine Environment	6-23
6.3	Impacts	6-24
6.3.1	How would shading from barges at the dock adversely affect eelgrass or other marine biological communities?	6-27
6.3.2	How would accidental spillage of sand and gravel during barge loading adversely affect marine life under or near the dock and barges?	6-32
6.3.3	What would be the potential for petroleum spills from increased marine equipment activity?	6-38
6.3.4	Would stormwater, propeller wash, or barge grounding affect marine organisms?	6-40
6.3.5	Would removing a portion of the bluff during mining change the deposition/erosion dynamics of the beach?	6-48
6.3.6	What effect would the project have on geoduck clam harvest by the Puyallup Tribe?	6-50
6.3.7	Would the noise and vibration from pile driving or barge loading affect salmon and other marine animals, including whales?	6-52
6.3.8	How would dock repairs and/or maintenance impact marine habitats?	6-64
6.3.9	<u>New Section:</u> How would artificial light from the project affect marine life?	6-72
6.4	Adverse Impacts and Mitigation	6-73
6.4.1	Significance Criteria	6-73
6.4.2	Measures Already Proposed by the Applicant or Required by Regulation	6-73
6.4.3	Remaining Adverse Impacts and Additional Measures	6-80

6.5	Cumulative Impacts	6-89
6.6	Significant Unavoidable Adverse Impacts.....	6-91
6.7	Citations.....	6-92
6.7.1	Printed References	6-92
6.7.2	Citations in Comments.....	6-92
Chapter 7	Noise.....	7-1
7.1	Primary Issues	7-1
7.2	Affected Environment.....	7-1
7.2.1	Background Information on Noise.....	7-1
7.2.2	Regulatory Overview	7-1
7.2.3	Existing Sound Levels	7-2
7.3	Impacts	7-7
7.3.1	Would noise levels resulting from the project exceed regulatory standards at nearby residences?.....	7-7
7.4	Adverse Impacts and Mitigation.....	7-22
7.4.1	Significance Criteria.....	7-22
7.4.2	Measures Already Proposed by the Applicant or Required by Regulation	7-23
7.4.3	Remaining Adverse Impacts and Additional Measures.....	7-25
7.5	Cumulative Impacts	7-30
7.6	Significant Unavoidable Adverse Impacts.....	7-30
Chapter 8	Transportation	8-1
8.1	Primary Issues	8-1
8.2	Affected Environment.....	8-1
8.2.1	Truck Traffic.....	8-1
8.2.2	Marine Traffic.....	8-3
8.2.2.1	Definition of Study Area.....	8-3
8.2.2.2	Puget Sound Vessel Traffic Service	8-3
8.2.2.3	Shipping Trends in the Study Area.....	8-4
8.2.2.4	Volume of Ship Activity.....	8-5
8.2.2.5	Tug and Barge Activity	8-8
8.2.2.6	Ferry Activity	8-9
8.3	Impacts	8-9
8.3.1	Truck Traffic.....	8-9
8.3.2	Marine Traffic.....	8-13
8.3.2.1	Assumptions	8-14

8.3.2.2	To what extent would tug and barge traffic affect or be affected by other boat traffic on Puget Sound, including increased risk of collisions or spills?	8-14
8.3.2.3	Would tug/barge tows cause wake effects?	8-17
8.3.2.4	How would the addition of barge traffic affect the Washington State Ferry System?	8-17
8.4	Adverse Impacts and Mitigation	8-18
8.4.1	Significance Criteria	8-19
8.4.2	Measures Already Proposed by the Applicant or Required by Regulation	8-19
8.4.3	Remaining Adverse Impacts and Additional Measures	8-19
8.5	Cumulative Impacts	8-20
8.6	Significant Unavoidable Adverse Impacts	8-20
8.7	Citations	8-20
8.7.1	Printed References	8-20
8.7.2	Citations in Comments	8-20
Chapter 9	Land and Shoreline Use	9-1
9.1	Primary Issues	9-1
9.2	Affected Environment	9-1
9.2.1	Current Land Uses	9-1
9.2.2	Growth Management Act, King County Comprehensive Plan, and Vashon Community Plan	9-5
9.2.3	King County Zoning Code (Title 21A)	9-9
9.2.4	King County Grading Permit	9-12
9.2.5	Washington State Surface Mining Act (RCW Chapter 78.44)	9-12
9.2.6	Washington State Shoreline Management Act	9-12
9.2.7	King County Shoreline Master Program	9-13
9.2.8	Washington State Department of Natural Resources Aquatic Lands Lease	9-14
9.3	Impacts	9-16
9.3.1	Is the Applicant's proposal consistent with applicable land use policies and regulations?	9-16
9.3.2	What land use changes would occur directly or indirectly, to the project site and adjacent lands, as a result of the proposal?	9-24
9.4	Adverse Impacts and Mitigation	9-25
9.4.1	Significance Criteria	9-25
9.4.2	Measures Already Proposed by the Applicant or Required by Regulation	9-26

9.4.3 Remaining Adverse Impacts and Additional Measures.....	9-26
9.5 Cumulative Impacts	9-27
9.6 Significant Unavoidable Adverse Impacts.....	9-27
Chapter 10 Environmental Health and Safety.....	10-1
10.1 Primary Issues	10-4
10.2 Affected Environment.....	10-4
10.2.1 Background	10-4
10.2.2 Existing Contaminant Distribution	10-4
10.3 Impacts	10-22
10.3.1 Would mining remobilize the existing arsenic in the site topsoils as air contamination and dust?	10-23
10.3.2 Would mining remobilize the existing arsenic in the site topsoils as surface water contamination?	10-24
10.3.3 Would arsenic be present in soils to be sold and exported from the site?	10-26
10.3.4 Would arsenic enter groundwater as a result of the proposal?	10-28
10.3.5 Would tug propeller wash stir up contaminated sediments and harm endangered fish species or other marine life?	10-31
10.4 Adverse Impacts and Mitigation.....	10-31
10.4.1 Significance Criteria.....	10-31
10.4.2 Measures Already Proposed by the Applicant or Required by Regulation	10-31
10.4.3 Remaining Adverse Impacts and Additional Measures.....	10-52
10.5 Cumulative Impacts	10-54
10.6 Significant Unavoidable Adverse Impacts.....	10-54
10.7 Citations.....	10-55
10.7.1 Printed References	10-55
10.7.2 Additional References Cited in Comments	10-56
Chapter 11 Light, Glare, and Aesthetics	11-1
11.1 Primary Issues	11-1
11.2 Affected Environment.....	11-1
11.3 Impacts	11-1
11.3.1 What aesthetic changes would occur in the character of the existing landscape on the mine site?	11-2
11.3.2 How would the reintroduction of barging affect the visual environment?	11-6

11.4 Adverse Impacts and Mitigation	11-6
11.4.1 Significance Criteria	11-6
11.4.2 Measures Already Proposed by the Applicant or Required by Regulation	11-6
11.4.3 Remaining Adverse Impacts and Additional Measures.....	11-7
11.5 Cumulative Impacts	11-7
11.6 Significant Unavoidable Adverse Impacts.....	11-7
Chapter 12 Recreation	12-1
12.1 Primary Issues	12-1
12.2 Affected Environment.....	12-2
12.2.1 Existing Recreational Facilities in the Vicinity	12-2
12.2.2 Informal Recreational Use of the Project Site	12-2
12.3 Impacts	12-2
12.3.1 Would the project interfere with the public use and enjoyment of any formal or informal recreational sites in the area?	12-2
12.4 Adverse Impacts and Mitigation.....	12-4
12.4.1 Significance Criteria.....	12-4
12.4.2 Measures Already Proposed by the Applicant or Required by Regulation	12-4
12.4.3 Remaining Adverse Impacts and Additional Measures.....	12-4
12.5 Cumulative Impacts	12-5
12.6 Significant Unavoidable Adverse Impacts.....	12-5
Chapter 13 Cumulative Effects and Interdisciplinary Analysis.....	13-1
